# MONISA R

UI UX Designer (she/her)

## About Me

👋 Hi, I'm Monisa R

I'm a passionate Computer Science and Business Systems (CSBS) student at Thiagarajar College, with a strong interest in the intersection of technology and business. I enjoy building web apps, exploring AI/ML, and working on real-world projects that make a difference.

## Student Management Dashboard

Student Name

Registration Number

Department

Year

Marks

**The Student Management Dashboard is a user-friendly interface designed to help students monitor their academic progress, manage tasks, and stay updated with course activities. It serves as a centralized hub for students enrolled in online or blended learning platforms.**

**🔍 Built with a focus on clarity, accessibility, and modern design, the dashboard allows users to quickly access essential information like upcoming assignments, class schedules, progress tracking, and performance analytics.**

 **Story Prompt Generator**

Select Genre

Adventure

Select Theme

Hope

Select Character Type

Blind hacker detective

Generate Prompt

*Generate a Adventure story idea that explores the theme of "Hope" and features a Blind hacker detective as the main character.*

**The Story Prompt Generator is a creative writing assistant designed to help users overcome writer's block and spark new story ideas. With just a click, it generates unique and imaginative story prompts based on genres, characters, and settings.**

**💡 Whether you're a student, aspiring author, or content creator, this tool helps jumpstart the storytelling process by providing endless inspiration.**

**🔧 Technologies Used:**

- HTML, CSS, JavaScript (or Streamlit for Python version)**
- Random prompt generator logic**
-
